Invitation for Nominations Recognizing Start-ups which make Digital India Proud

Greetings from BMA!

BMA, Mumbai premier 63 year old management association is pleased to announce a contest of start-up companies as part of **BMA Digital Leadership Summit** which will be held on **October 12, 2017 at the Hotel Leela Kempinski, Mumbai.**

The conference focus is on key digital themes of IOT, Artificial Intelligence, Digital Manufacturing, Machine Learning, Cloud and Digital for Bottom of Pyramid. Event is having partnership support of Ministry electronics and Information technology under Digital India initiatives and other major associations like MAIT, PMI and few IT majors. Details of conference are available at www.bma-india.com. Many legendary speakers from industry, government, academia, vendor community and corporates have already given consent to address event. Over 200 senior industry personalities including CXOs/ CIOs and CEOs are expected attend this event.

BMA and its partners believe in the power of Start-ups and hence are keen to showcase and recognize Start-ups that are contributing strongly to the above areas of technology. Conference will have special focus for promoting innovative products and solutions developed by start-up companies.

BMA is keen to invite Start-ups who have innovated and developed solutions that make a difference, solutions that have a different approach to solving problems and solutions that use technology as a business enabler. BMA promises to showcase and provide a platform to help Startups leap to the next level. Invitation is being sent to over 250 start-up companies. A distinguished 5 member jury shall select the leading start-ups. All companies what make the nomination list will also be recognized in a glittering ceremony at time of valedictory function.

Interested start Ups shall submit their details on line at site www.bma-india.com.

BMA has invited Hon'ble Chief Minister of Maharashtra Shri Devendra Fadnavis to grace the summit and preside Valedictory function for recognizing leading Start-ups.

Conference will also provide following opportunities to start-ups on first cum first basis.

1. Showcase their solutions in exhibition area, table space would be provided.
2. Inclusion of solution excerpts / case study in conference compendium which will be published online and will be distributed widely.
3. Meet Global Thought leaders for mentorship and Enterprise Partnerships.

Terms & conditions of above options are available at conference website: www.bma-india.com

Start-ups can avail special discounted rates for sponsorship and participation and make the maximum of the opportunity at the event.

We invite your nominations or of someone you know who qualifies to apply. We urge you to apply at www.bma-india.com by Sept 25, 2017.

For any further queries on above proposal kindly reach out to us at startup@bma-india.com

Kind Regards,

M D Agrawal
President BMA and Conference Chair
