Welcome to the BMA 10X scale up ONLINE summit 2021. Started in the year 2019, the 10X summit is a flagship event of BMA that has attracted wide participation from Start Ups, SME's and those associated with promoting this vital segment of the Indian economy. Today's buzzwords for a resurgent India, racing towards a Us \$ 5 trillion economy, are "Start-up India", "Atma Nirbhar Bharat", "Vocal for local", for which a vibrant Start up and SME ecosystem is vital. The BMA 10X Summit has been a harbinger of entrepreneurial experiences and ideas. This year too, we showcase four young entrepreneurs who will share their entrepreneurial journeys, a seasoned finance professional, speaking on bank funding opportunities for SME's, and two successful industrialists with their words of wisdom for the new generation entrepreneurs.
